

Overview

NEXT ENHANCE® 150 Premix optimizes feed utilization and protects against oxidative stress in starter calves, poultry and aquatic species.

- NEXT ENHANCE 150 Premix is perfectly suited for feed mills and on-farm applications.
- The active ingredients – thymol and carvacrol – are protected by a matrix system.
- NEXT ENHANCE 150 Premix is easy to handle and stable under pelleting, expanding and extruding conditions.

Product Description

NEXT ENHANCE 150 Premix is a premixture specially formulated to enhance the appetite of the animal and support oxidative balance.
